About us

Since 1974, Leaman Container, Inc., a family-owned manufacturer of custom corrugated packaging located in Fort Worth, has supplied quality products to their customers.

Job Summary:

We are seeking a reliable and detail-oriented Machine Operator to join our team. As a Machine Operator, you will play a crucial role in the production process, ensuring that machines are set up correctly, operating smoothly, and producing high-quality products. This is a hands-on position that requires technical skills, attention to detail, and the ability to work effectively in a fast-paced environment. If you have experience operating machinery and have a strong understanding of quality control processes, we encourage you to apply. This is an excellent opportunity for individuals who are looking for stable employment with room for growth within our organization.

Duties:

- Lead, mentor, train, support and hold accountable your machine crew.
- Set up machines according to specifications and instructions.
- Perform quality control checks throughout the production run to ensure standards are met.
- Postproduction identifying of any tooling requiring maintenance.
- Maximize the utilization of equipment by operating the machinery at available capacity and speed.
- Adhere to production schedule. Make recommendations for optimizing the schedule to meet cost, quality, and service goals. Report any unusual scheduling issues to Supervisor.

Requirements:

- Two years Machine Operator experience on Rotary Diecutter with five years total Corrugated Plant experience.
- Basic math skills for measurements and calculations.
- Possess Computer Skills for Production Data Entry (PDE). Machine Operation Status, Safety Data, Quality Data, and Maintenance Workorders.
- Ability to read and interpret blueprints, schematics, and technical drawings.

- Understand the mechanical aspects of your machine to be proactive in equipment maintenance.
- Comply with all company policies and procedures, including safety and maintaining good housekeeping.
